

Benefit

Health insurance

Taking care of your health while saving money is possible

♥ What is it?

Thanks to your company, you can take out private health insurance to take care of your health and of your loved ones. This benefit has more advantageous conditions, is available at a much lower price and offers tax savings.

ⓘ How does it work?

Everything is easily managed from your **Cobee by Pluxee** app. Just follow these simple steps:

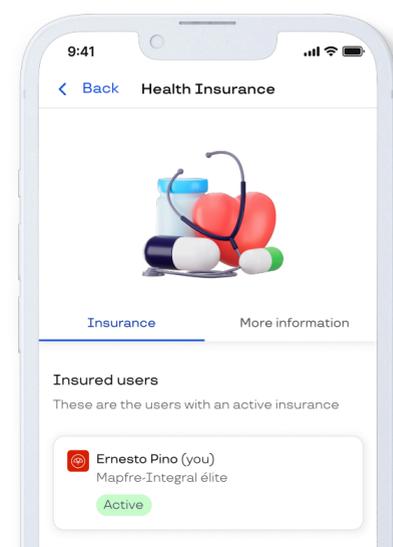

1. Check the policy available to you from your app.
2. Apply for registration for yourself, with the option of registering your family members.
3. Once approved, you will receive all the details of your policy by email.
4. Your new insurance company will send you your medical card to use in hospitals and centres that are within your coverage.

■ What are the limitations?

You can allocate up to €500 per year per insured person (€1,500 in the case of people with disabilities). In Navarre, the limit is €500 in all cases.

Important: amounts exceeding this limit will not be exempt from income tax. Except in the Basque Country, where this benefit does not apply tax exemption.
