

# Benefit Childcare

Your peace of mind and your children's peace of mind also counts

## What is it?

Your company offers you the opportunity to save on the costs of your children's education and care, thereby facilitating your work-life balance. This benefit applies to the costs of childcare in authorised centres for children aged 0 to 3 years or during their first years of early childhood education.

**Important:** This benefit is compatible with the 'Working Mother's Allowance' of up to €1,000 for childcare. To apply the deduction, simply tick this box if you are the mother, father or legal guardian of the child on your application.

## What does it include?

This benefit covers the enrolment fee for the authorised nursery of your choice, the monthly fees for that centre, the canteen and any overtime required.

## How does it work?

Everything is easily managed from your **Cobee by Pluxee** app. Just follow these simple steps:

1. Add your child who will be receiving the benefit.
2. Add the authorised nursery.
3. Choose your preferred payment method:
  - One-off payment: a single payment on a specific date.
  - Recurring payment: the same amount is paid every month.

**Important:** If the application includes a new nursery that is not yet authorised in the system, we recommend submitting it well in advance, as the process can take up to 15 days.

## What are the limitations?

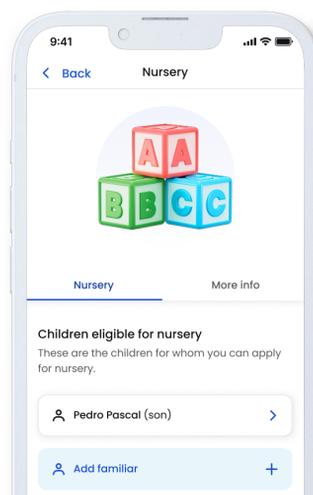

- The benefit is only valid at authorised nursery schools, whether public or private.
- This benefit does not apply to camps, language schools or other similar centres.
- This benefit is exempt from income tax and has no tax limit, except in the Basque Country, where the annual limit is €1,000.

## Start enjoying this benefit today

Manage everything from your **Cobee by Pluxee** app and optimise your childcare expenses easily, flexibly and with tax advantages.
